Santa Fe Route to Chicago and the

dining cars on the a la carte plan.

# SATISFIED WITH THE SITE.

LOCATION OF CITY'S WORKHOUSE WILL NOT BE CHANGED.

Conference of Officials Decides That Present Site Is Best in Many Ways-New Workhouse Will Be Built This Year.

The workhouse will not be built on any other site than that now owned by the city in the vicinity of Twentieth and Vine streets. This was decided upon at a lengthy meeting yesterday of the mayor city comptroller, city counselor, President Graham and Speaker Smith, the special committee appointed to investigate the sale of the present site and the purchase of a location in the suburbs.

It was the unanimous opinion of the committee that the present market is an unfavorable one in which to sell, for onunfavorable one in which to sell, for one thing; then no property owners are protesting against the workhouse as now located. The necessity for a new structure at the earliest opportunity was also dwelt upon and all the arguments together induced the committee to unanimously report against selling the present site. If the workhouse were located in the suburbs, many things now done by prisoners could not be done. There is a stone quarry on the present site sufficient for twenty years to come, which is an important consideration. The sale of the site and purchase of a new one would delay the building of a new workhouse for months. It is certain that the new building will be erected on the old site and that it will be built before autumn.

#### WHEN THE WHISTLE BLOWS. Boys and Girls of City Will Soon Have to Make for Home-Curfew Ordi-

nance All but a Law. When the big 9 o'clock whistle at Arnour's blows for the boys and girls of Kan-ias City, Kas., to go home, it will, within a week or two, constitute a similar sig-nal for the boys and girls of this city. The lower house has passed the curfey ardinance as it came from the upper house with the exception of making 9 o'clock the hour for going home the year round, in-stead of 8 o'clock in winter and 9 o'clock in summer. The ordinance now goes back to the upper house, where the amendment will undoubtedly be concurred in, and the ordinance will be signed by the mayor. The measure provides that all boys and girls under 15 years of age found on the streets after 9 o'clock, who cannot give any good cause for their presence there, who are not in the vicinity of their homes and are not attended by their parents or

who are not in the vicinity of their homes and are not attended by their parents or guardian, shall be taken to police stations and their parents or guardian notified. They may be fined from \$1 to \$5, but the efforts of the police will be directed toward having children go home rather than arresting them. The mayor says he will neither veto nor approve the ordinance. The upper house of the council doesn't want civil service in the water works department, according to the decisive vote by which the civil service feature of the revised water works ordinance was eliminated. Only Alderman Morgan voted against the motion made by Alderman Brown, to strike out the following section relating to the civil service:

"No person shall be appointed, employed or discharged in any branch of the water works service for or on account of political considerations. Any employe may be suspended by the board of public works or collector of water rates, for cause; but the employe must be furnished with a written statement of causes for his suspension and have a hearing before being discharged. Such hearing shall be before the mayor, city counselor and president of the upper house, and if this commission sustains his suspension, he will be discharged; if not he will be reinstated with pay during suspension."

# THE SMOKE NUISANCE.

The Ordinance Abating It to Be Called Up at the Next Meeting of

the Council. Alderman Wyne had to go somewhere and Alderman Jewell wanted to go to St. Louis and examine into the matter of smcke abatement in that city, so Alderman Brown was the only member of the upper house public improvements committee yesterday who signed the report fav. oring the passage of the ordinance declar-oring the passage of the ordinance declar-Alderman Wyne had to go somewhere oring the passage of the ordinance declaring the emission of black or thick gray smoke a nuisance. The committee held an open meeting yesterday afternoon and heard from H. D. Ashley, who presented a petition signed by twenty-one property owners in the vicinity of Landis court, asking for the passage of the ordinance and damage occasioned by the smokestack in Landis court.

Several persons interested in smoke prevention devices were present and advocated their respective wares. One of these devices will be placed in the Vanderslice-Lynds plant in a few days and its results

devices will be placed in the Vanderslice-Lynds plant in a few days and its results will be carefully watched before any re-port on the ordinance is made. Alderman Brewn presented the report of the smoke commission of St. Louis, to the effect that exhaustive tests had convinced the com-mission that the smoke nuisance could be abated, for it had been abated in St. Louis and at a greet saving to the experience. mission that the smoke nuisance could be abuted, for it had been abated in St. Louis and at a great saving to the owners of large plants, to say nothing of the abatement of the nuisance itself. The commission reported that the smoke had been reduced 5 per cent in large plants. The question of exempting brick manufacturers is giving the committee considerable trouble. Alderman Seddon, who owns a brick plant in the East bottoms, appeared and protested against the ordinance applying to the brick men, who could not put smoke consumers on their kins. It is probable that the wording of the ordinance will exempt these men, as there are only two or three brick plants within the city limits and the nuisance is nothing compared with the large buildings and plants in the heart of the city.

Alderman Brown will call up the ordinance at the next meeting of the council, regardless of the refusal of the other members of the committee to sign a report.

# CITY SHOULD BE PROTECTED.

Board of Public Works Asks a Casl Deposit From a Paving Company to Cover Repairs on a Street.

The board of public works was in session vesterday from 9:30 in the morning until 2 in the afternoon without intermission. An immense amount of routine business was transacted. An extended debate arose over the issuing of tax bills for paving Washington street, from Tenth to Thirtsenth, which has been accepted by the city engineer. Member Baer carried on his fight against the Parker-Washington Company by moving that it put up a \$1,000 cash deposit to gover all repairs, in addition to the dive years maintenance bond. All the members of the board, excepting President Graham, supported the motion. Several property owners present protested against issuing tax bills until the pavement had been tested by a few months wear. The tax bills will not be issued until the cash deposit has been put up. transacted. An extended debate arose over been put up.

#### PNEUMONIA BREAKS A RECORD. More Deaths Last Month From This Disease Than Any Previous

Month in City's History. There were forty-six deaths from pneu-monia during the past month, which is a monia during the past month, which is a larger dumber than for any month in the history of the city. There were 112 deaths in all, of which 55 were male, 55 female. It black and 140 white: 44 were under 1 year aid, and 65 were sinder 5 years, 12 children died from inanition, and none due to diphtheria alone, though in two or three instances, diphtheria was the indirect cause of death.

# Beautifying Lydin and Troost.

The residents along Lydia avenue, from The residents along Lydia avenue, from Twenty-third to Twenty-fifth, and Troost, from the Beit line to Thirty-first street, are enthusiastic in the matter of improving their respective streets. At the last meeting of the council ordinances were passed by the lower house for sodding and planting white elm trees on both sides of the street, and their passage by the upper house is a foregone conclusion. The appearance of the streets will be very materially bettered when the Emptovements have been made.

Why Eleventh Street Is Not Paved. East.

Luxuricus equipment and the bic a la carte plan.

OThe competitive asphalt paving specifications for Eleventh-street and Tracy avenue were again laid over by the board of public works yesterday, as the city counselor has not yet decided whether the modified

specifications of the city engineer conform to his recent opinion that property owners have the right to select the material. The specifications give a choice of all the brands of asphalt on the market.

Still Owes the City \$500 for Water The board of public works yesterday accepted the \$2.115 check for water for January from the Metropolitan Water Company, but it was with the distinct understanding that the difference claimed by the city, amounting to \$50°, was not waived. The company was notified to appear at the next meeting of the board and discuss some basis of settlement and arrangement for the future.

#### To Ask Westport to Come In.

Mayor Jones has instructed City Counselor McDougal to prepare the proper notification to the mayor of Westport, informing him of this city's desire to include Westport within the limits of this city. The notification will be made at an early date and an election will be called by Mayor Drake to vote on the annexation proposition

Thirty-first Street a Business Street Thirty-first street, from Main to Troost avenue, has been declared a business street by the board of public works and will be paved with Trindud lake asphalt. Only one-half the street is within the limits of this city and Westport property owners will have to pay for paying the south half.

Must Repair an Unsafe Bridge. The Kansas City Suburban Betr Railway Company was yesterday notified by the board of public works to construct a re-taining wall under the Olive street bridge, where a cave-in has occurred by reason of excavations which have been made.

Thinks He is Aggrieved. Charles E. Hochstetler, of Westport, thinks the city sidewalk department has a special pick at his property at St. Louis avenue and Wyoming street. He complained to the board of public works yesteroay and the city engineer was instructed to investigate the complaint.

# A Frame House in the Fire Limits. R. T. Holmes must appear, before the board of public works at the next meeting and show why he moved a frame house to Fifteenth and Olive streets, which is within the fire limits, without the consent of property owners.

City Hall Notes.

The upper house public improvements committee has reported favorably on the ordinance requiring all elevator doors to be closed before the elevator is started. Builders and contractors have thronged the rooms of the park board for the past few days, and at to-day's meeting of the board bids will be opened for constructing the shelter house and walks at Holmes square and for paving the Scarritt avenue section of the independence boulevard.

Drowsiness is dispelled by Beecham's Pills
